

**29553**

**RECEIVED AND PLACED ON FILE – BOARD OF  
TRUSTEES COMMUNITY COLLEGE DISTRICT NO. 508**

**JUNE 11, 2009**

**BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508  
COUNTY OF COOK AND STATE OF ILLINOIS**

**CENSUS PARTNERSHIP  
CITY COLLEGES OF CHICAGO**

**THE CHANCELLOR**

**REPORTS** that every year more than \$300 billion in federal funds are awarded to states and communities based on census data. That's more than \$3 trillion distributed over a 10-year period, and

that census data guide local decision-makers in important community planning efforts, including where to build new roads, hospitals and schools, and

that census data affect our voices in Congress. The census determines how many seats each state will have in the U.S. House of Representatives as well as the redistricting of state legislatures, county and city councils and voting districts, and

that the City Colleges of Chicago is proud to serve as a partner for the 2010 census and will support census activities, including the distribution of education materials and other liaison activities.

Respectfully submitted,

Wayne D. Watson  
Chancellor
