OF COOK AND STATE OF ILLINOIS**

**GREEN CONSCIOUSNESS MONTH
MALCOLM X COLLEGE**

THE CHANCELLOR

REPORTS

that in April 2009, Malcolm X College faculty and staff from Art, Philosophy, Biology, Humanities, Library, and English presented “Green Consciousness Month: A Series of Events Dedicated to Increasing Awareness of Environmental Issues,” a calendar of lectures, activities, and film showings on “green” topics for the MXC community. The topics ranged from guided art and film showings to lectures on green collar jobs and indigenous perspectives on the healthfulness of “going green.” Dr. Carole Heath, Humanities faculty, and Chair of the Green Committee, coordinated Green Consciousness Month.

Respectfully submitted,

Wayne D. Watson
