MALCOLM X COLLEGE**

THE CHANCELLOR

REPORTS

that on April 13, 2009, a joint faculty and administrator team was accepted to the Science Education for New Civic Engagements and Responsibilities (SENCER) Summer Institute in August 2009. Grounded in the issue of public health, social justice, and environmental/green consciousness, the Malcolm X College team will pursue curriculum linkages related to AIDS, obesity, genetically-modified foods, hunger in the emerging world, assisted reproduction and cloning, and climate change. The team is comprised of the following: Dr. Helen Doss, Dr. Carole Heath, Professor Tracie Hudson, Professor Gail Grabczynski, Professor Boniface Ekpenyong, and Professor Hope Essien.

Respectfully submitted,

Wayne D. Watson
Chancellor
