ANNUAL OPEN HOUSE IS A SUCCESS
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS that more than 1,600 Chicago high school students visited Truman during the three days of the college's annual open house in March; and

that faculty, staff, and administrators led tours of the college and manned dozens of exhibition booths on college academic departments and support services that were set up in the college cafeteria; and

that visiting students ended each day with lunch in the gymnasium followed by a show emceed by WGCI's Tony Sculfield and featuring Chicago Hip-Hop, drum line, and spoken word performers; and

that the open house and Truman College continue to earn very positive reviews, both from visiting students and their counselors.
