THE CHANCELLOR

REPORTS

that in Board Report # 29212, dated January 7, 2009, the Board of Trustees approved an software support agreement for a period of one year with Oracle Inc. for database software and related products used to support the district's PeopleSoft applications; and

that Oracle Corporation has proposed to continue providing the necessary software updates for the database enterprise edition and the diagnostics pack and tuning pack for the period of January 22, 2010 through January 21, 2011 at a total cost of \$417,978.85; and

that Oracle Corporation has proposed to provide the necessary software updates and maintenance services on the Cobol compiler used for the PeopleSoft applications for the period of January 9, 2010 through January 8, 2011 at a total cost of \$9,341.72; and

that the OIT staff has determined that the proposals from Oracle, which reflect a cost increase of three percent from the previous year, are reasonable and acceptable; and

that OIT staff recommends renewing the support and maintenance service agreements for the periods indicated above; and

that this is a sole source procurement of software maintenance services and is therefore exempt from the District's competitive bidding requirements; and

that the Office of Contract Compliance has reviewed the above referenced software maintenance services agreements and since there are no certified MBE or WBE vendors who can provide the software updates and maintenance services needed to run the District's PeopleSoft applications, therefore, it is recommended that a waiver from compliance with the Board approved Participation Plan be approved.

THE CHANCELLOR
