THE CHANCELLOR

REPORTS that the Illinois Community College Board (ICCB) conducted an Adult Education Peer Review Visit on June 18, 2009. After two days of meetings and visits to Malcolm X College's Adult Education main and off campus sites and classes, the Peer Review team reported at its exit interview to have found "best practices" in the State of Illinois at Malcolm X College; applauded the dedication, collaborative work, and great interdepartmental relationships that exist at Malcolm X College, which sets the foundation for service excellence; and were impressed with the Bridge Center at the main campus and the Student Resource Center at the West Side Learning Center, both of which models a student-centered environment conducive to learning.

Respectfully submitted,
