CAREER DEVELOPMENT MONTH  
WRIGHT COLLEGE

THE CHANCELLOR

REPORTS

that the Wilbur Wright College Career Development Month Committee, led by the Careers Programs Office, observed its eighth annual Career Development Month in February 2009.

that events included the kick-off week highlighting all of the student services available on-campus; followed by a week of speakers discussing employment preparation in these difficult economic times; week number three focused on Non-Traditional Occupations, and ending with a week highlighting the college's various training programs. Weekly visits from transfer institutions were popular. Several of our student organizations conducted membership meetings during this month, including the Future Teachers organization which welcomed a Wright Alum to share his experiences as a male in the teaching profession; and

that College advisors conducted Career Exploration Workshops. All events offered valuable information and opportunities to our students, and offered a platform to highlight Wright's Career and Technical Education programs.

Respectfully submitted,

Wayne D. Watson
