REPORTS

that the International Conference of Funeral Service Examining Boards (ICFSEB), the national examining agency for Funeral Service Education, at its annual meeting February 24-28, 2009, in Williamsburg, Virginia, recognized the Dean of Career Programs, Alta L. Williams, past program director and faculty of Mortuary Science Program. The recognition was a result of her dedication and achievement over the past 10 years with her students and their successful pass rates. In spring 2008, a graduate of the program scored 100% on the National Board Examination as evidence of her dedication to the students and the success of the program.

Respectfully submitted,
