County of Cook and State of Illinois**

**HPV Awareness and Prevention Event
KENNEDY-KING COLLEGE**

THE CHANCELOR

REPORTS that the KKC Nursing Department and the Community Engagement Centering on Solutions (CECOS) held “Our Daughters, Our Duty: The Facts about HPV and Cancer” event Saturday, March 20, 2010 at Kennedy-King College.

that over 300 attendees obtained information about cervical cancer and its threat to the women of our community. (CECOS is a program of the University of Chicago Comprehensive Cancer Center) Dr. Rick Kittles, Associate Director for Diversity and Community Outreach, and Dr. Kenneth Alexander, noted HPV researcher and Associate Professor of Pediatrics at the University of Chicago made presentations that heightened awareness and defined the role of the human papillomavirus (HPV) in cancer and how we can protect our families and friends

Respectfully submitted,

Cheryl L. Hyman
Chancellor
