ADJUNCT HAS TWO FILMS SCREENED AT CANADIAN FESTIVAL
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS that Humanities adjunct Claudia Paraskiv had two films screened during the opening day of the annual Female Eye Film Festival March 24 at the WARC Gallery in Toronto, Canada; and

that both are experimental black-and-white films -- *Fatigue*, described as "a young man's entrapment in his own absurd nightmare, and *Ant Farm*, a study of Chicagoans seen as though they were a colony of ants; and

that *Ant Farm* features Claudia's late husband, Val, a Romanian film actor, writer, and director, who passed away recently.

Respectfully submitted,

Cheryl L. Hyman
Chancellor
