

BOARD OF TRUSTEES AND COMMUNITY COLLEGE DISTRICT NO. 508
COUNTY OF COOK AND STATE OF ILLINOIS

NATIONAL CENTER FOR ATMOSPHERIC RESEARCH (NCAR)
CAREERS IN SCIENCE
Wright College

THE CHANCELLOR

REPORTS

that Wright College hosted the National Center for Atmospheric Research (NCAR) Careers in Science lecture and demonstration on Friday, October 29, 2010; and

that the event began with a presentation of Chasing Storms and discussion of careers in atmospheric sciences, followed by a hands-on demonstration with Doppler on Wheels in the college parking lot; and

that students from both Wright North and Humboldt Park Vocational Educational Center attended the half-day event, which promotes careers in software, electrical, mechanical, electrical, aeronautical, and radar engineering; aircraft mechanics, instrument makers, systems administrators, welders, and pilots. Students participants learned about jobs and internships available through NCAR; and

that this event was coordinated by the Environmental Technology Department.

Respectfully submitted,

Cheryl L. Hyman
Chancellor
