BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

City Wide Art Exhibition
HAROLD WASHINGTON COLLEGE

THE CHANCELLOR

REPORTS

that artist and Encore College student at Harold Washington College Sandra Clay had one of her watercolors featured in the 4th annual City Wide Art Exhibition at the City Colleges, from January 21st through May 11th, 2010, and;

that Ms. Clay became an artist in her 50's after returning to school to get her G.E.D. and then B.F.A. at the School of the Art Institute, and;

that Ms. Clay decided to enroll in the Encore College at HWC because it was the only school offering InDesign, a course that teaches students how to use a very specific software program for use in commercial art design, and;

that the piece of art featured in the City Wide Art Exhibition is a watercolor of a photograph taken near Alice Springs, Australia. The artist used Saran Wrap to achieve a rock texture look, and;

that Ms. Clay works mainly in watercolors, but also works with pastels, acrylics, alkyds, egg tempera, charcoal, pencil, ink, animation, sound and sometimes photography.

Respectfully submitted,

Cheryl L. Hyman
