DISCUSSION ON RACE AND POLITICS
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS that more than 100 students, faculty, and staff attended the panel discussion on race and politics presented April 28 in the lobby by the Social Science faculty and Student Services; and

that the event, moderated by Dr. Anghesom Atsbaha and Dennis Skentzis, is one of the series of Brown Bag discussions presented semiannually; and

that it included a film clip presentation and provided ample opportunity for audience members to ask questions and voice concerns, particularly over Arizona's new immigration law.

Respectfully submitted,

Cheryl L. Hyman
Chancellor
