**THE CHANCELLOR**

**REPORTS**

that in Board Report # 26700 adopted May 5, 2005, the Board approved a U-Pass agreement between the District and the Chicago Transit Authority (CTA) which will allow the District to supply transit fare cards to full-time students during the academic year; and

that the cost of the U-Pass to eligible full time students, as approved in Board Report # 26700 was \$0.81 per-student per-day for the Term ending Summer 2010; and

that during the contract renewal negotiations, the cost of the U-Pass would remain the same until change is determined by the CTA, and

that the U-Pass permits holders to ride on CTA buses and trains only. (U-Pass cannot be used on Pace or paratransit vehicles); and

that the U-Pass program will be paid from a fraction of the student activity fees paid by students enrolled full-time; and

that this agreement is exempt from the District's competitive bidding procedures because the CTA is another governmental agency; and

**THE CHANCELLOR**

**RECOMMENDS**

that the Board of Trustees authorize the Chairman to execute a U-Pass Agreement with CTA for participating colleges for the Term Fall 2010 through Summer 2015.
