**Media Com Students Develop HD-Radio Band
KENNEDY-KING COLLEGE**

THE CHANCELOR

REPORTS

that WKKC has a second (side band) HD radio station that we are now in the process of allowing students in the KKC Media Com. program to create a format for and program. The students, under the direction of Deborah Crable, have recently completed an extensive survey of over 700 students from the other 6 City Colleges' to get the students thoughts on what THEY would like a radio station to sound like IF they could program it.

Respectfully submitted,

Cheryl L. Hyman
Chancellor
