**‘WEEK OF THE YOUNG CHILD’ BAZAAR
Malcolm X College**

THE CHANCELLOR

REPORTS

that on April 14, 2010, the Malcolm X College Child Development Program hosted its annual “Week of the Young Child” Bazaar. The annual children’s fair hosted over 100 preschool-age children from the Malcolm X College Child Development Lab Center, the Marillac House Preschool, as well as Malcolm X College faculty and staff children. The bazaar had age-appropriate activities, games, music, and snacks sponsored and facilitated by faculty and students from the Child Development Program. The bazaar provided hands-on experience for the program’s students to use their newly acquired skills to provide quality care and education to preschool age children.

Respectfully submitted,

Cheryl L.Hyman
