**MXKIDS SUMMER PROGRAM COMBINES LEARNING WITH FUN FOR GRADE  
SCHOOLERS  
Malcolm X College**

**THE CHANCELLOR**

**REPORTS**

that during the Summer 2010, Malcolm X College (MXC) Continuing Education department hosted their inaugural MXKids Summer Enrichment Camp; and

that the curriculum was designed with a mix of educationally exciting classes and active sports, such as multi-cultural arts, theater, basketball, video game creation and web design to name a few. The goal of the program was to provide children with a positive learning experience in a college setting in order to promote their desire to attend college later in life. Over the course of the summer, there were 150 grade school children enrolled in the camp.

Respectfully submitted,

Cheryl L. Hyman  
Chancellor
