**AMERICAN ENGLISH CONCERT  
Wright College**

**THE CHANCELLOR**

**REPORTS**

that on Friday, October 1, 2010, the Wright College History Club held its 4<sup>th</sup> Annual American English Ultimate Beatles Experience on the rooftop of the parking garage, which is reminiscent of the Beatles 1969 rooftop concert in London, the band's final live performance; and

that American English was voted number one by thousands of Beatle fans as winners of sound-a-like contests at Beatle fest for three consecutive years and received accolades from celebrities such as Denny Laine of Wings, Eric Burdon of the Animals, Spencer Davis, and legendary DJ Dick Biondi; and

that History professor and History Club Advisor James Zenes incorporates the Beatle's music and lyrics into his course History 112, *History of the American People since 1865*, to illustrate how their music influenced the culture of the 1960's; and

that the concert was a great success with approximately 400 people attending the event.

Respectfully submitted,

Cheryl L. Hyman  
Chancellor
