**Encore Fall Fair  
HAROLD WASHINGTON COLLEGE**

**THE CHANCELLOR**

**REPORTS**

that on Friday, August 13, 2010, the Center for Creative Aging's Encore Program at Harold Washington College hosted a Fall Fair designed for learners over 50 years of age, and;

that the Encore Fall Fair was a way to celebrate the new semester and feature programs offered this Fall at Harold Washington College, and;

that one of the guest speakers featured Director of Community College Partnerships, Lori Bishop, from DePaul University's School for New Learning, who spoke about "Transitioning to a 4-Year University," and;

that 54 people attended the fair, which was very well received by prospective students, returning students, and Encore professors.

Respectfully submitted,

Cheryl L. Hyman  
Chancellor
