**BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508**  
**County of Cook and State of Illinois**

**Four Students Receive IIT Presidential Scholarship**  
**WRIGHT COLLEGE**

**THE CHANCELLOR**

**REPORTS** that four 2010 Wright College students have been awarded the very generous Presidential Scholarship from Illinois Institute of Technology in partnership with City Colleges of Chicago. The students are Patrick Grandt, a Phi Theta Kappa member who completed an Associate in General Studies degree this summer with a GPA of 3.95 and will major in biomedical engineering; Ivan Gutierrez (GPA 3.1), who will major in physics (pre-medical studies); Deborah Leja, a Phi Theta Kappa member who completed her Associate in Science degree at Wright with a GPA of 3.88 and will pursue a degree in biology (pre-optometry) at IIT; and Carolina Verdial, a Phi Theta Kappa officer who completed her Associate in General Studies degree at Wright with a GPA of 3.89 and will major in architecture; and

that Wright is proud of the success of these students and grateful for the opportunity the scholarships, which generously provide tuition and room and board to CCC students pursuing degrees in science, technology, engineering and mathematics, afford.

Respectfully submitted,

Cheryl L. Hyman  
Chancellor
