THE CHANCELLOR

REPORTS

that the Radiography Program faculty, staff, and students attended the Radiological Society of North America (RSNA) Conference, held in Chicago at McCormick Place on December 2, 2009. The RSNA conference provided our faculty and staff with the opportunity to stay up-to-date in the latest technology in the field, across every subspecialty. The conference allowed the students an opportunity to view equipment used in the field; participate in hands-on workshops and self study exhibits, as well as establish lasting connections with future employers and colleagues.

Respectfully submitted,

Deidra J. Lewis
Interim Chancellor
