

30931
APPROVED - BOARD OF TRUSTEES COMMUNITY
COLLEGE DISTRICT NO. 508
APRIL 7, 2011

ACADEMIC AFFAIRS MINUTES
FEBRUARY 23, 2011

Thank you Trustee Tyson and Good Morning,

In the absence of the Provost, Chancellor Hyman reported on the degree audit activities, the PeopleSoft pre-requisite project, and the nursing program. The degree audit, and pre-requisite projects will both improve student access to on-line registration and graduation information.

The new Nursing Director is reviewing curriculum, and spending time with students in order to improve student success. The Office of Academic Affairs will keep the Board of Trustees updated on these three priority areas.
