¹ On October 2, 2008, the board approved a master agreement with AT&T (Board Report number 29011) to provide Centrex telephone high speed data lines and voice messaging services for the period 11/1/08 through 10/31/13. As of 3/1/11, AT&T will discontinue the current voice messaging platform, making it necessary for the District to switch to the new voice messaging system known as AT&T Enterprise Messaging. This Amendment is for the transition to the Enterprise Messaging system. There is no additional cost to the District.
