50 for the FUTURE

tomorrow's technology today's talent

Congratulations Recep Dereli!

- Recognized by the Illinois Technology Foundation with scholarship award
- Enrolled in Wright's Computer Security and Forensic Investigation (CSFI) program
- Plans to launch IT start-up/consultancy

IT Enrollment @ CCC

Increase of 50% at Wright College since Fall 2012

Information technology pathways focus on the Associate's degree as the minimum level of competence required with 3 paths

✓ *Reviewed by industry partners*

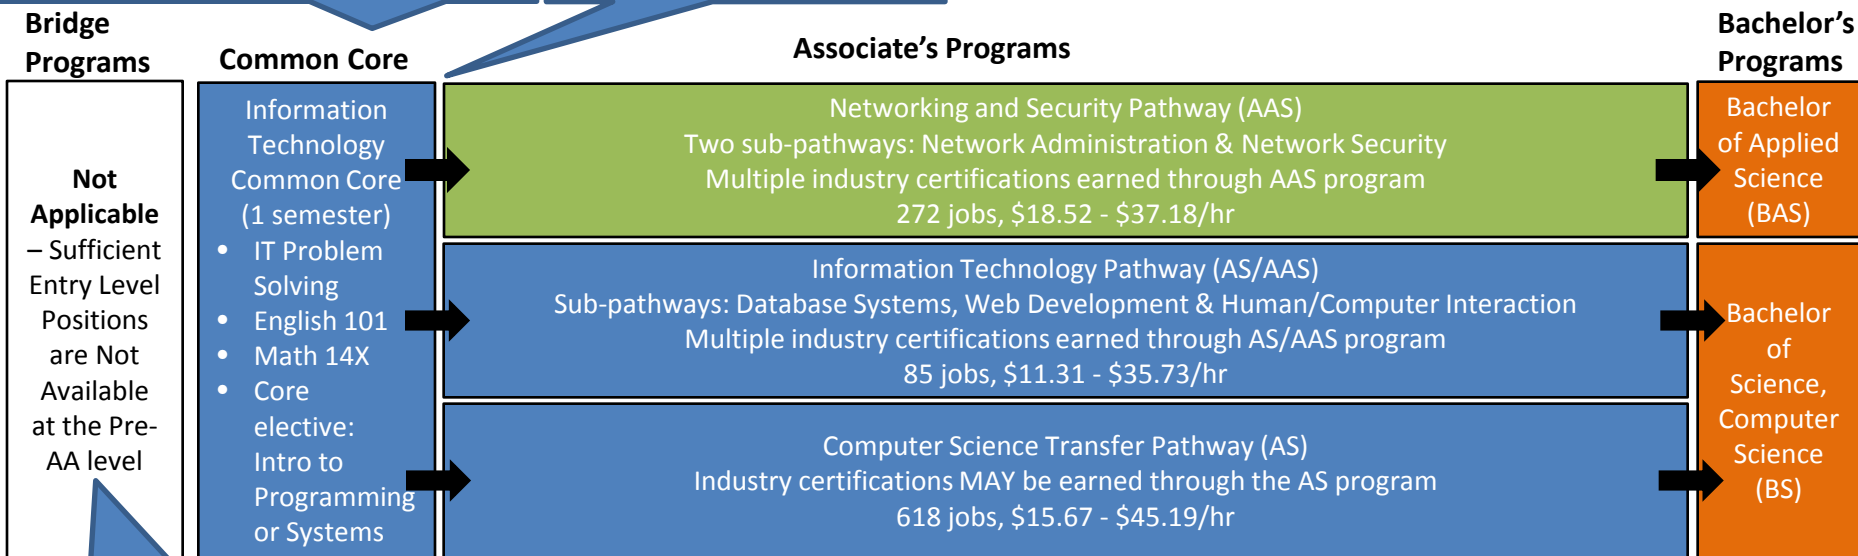

44,000 job openings in Cook County projected over the next decade

Annual job openings and starting wages shown for each program

- Existing programs
- New programs
- Targeted programs for transfer

Single point of entry reflecting the reality that Associate's degree is minimum requirement for the labor market.

CPS STEM school graduates enter here, at a minimum.

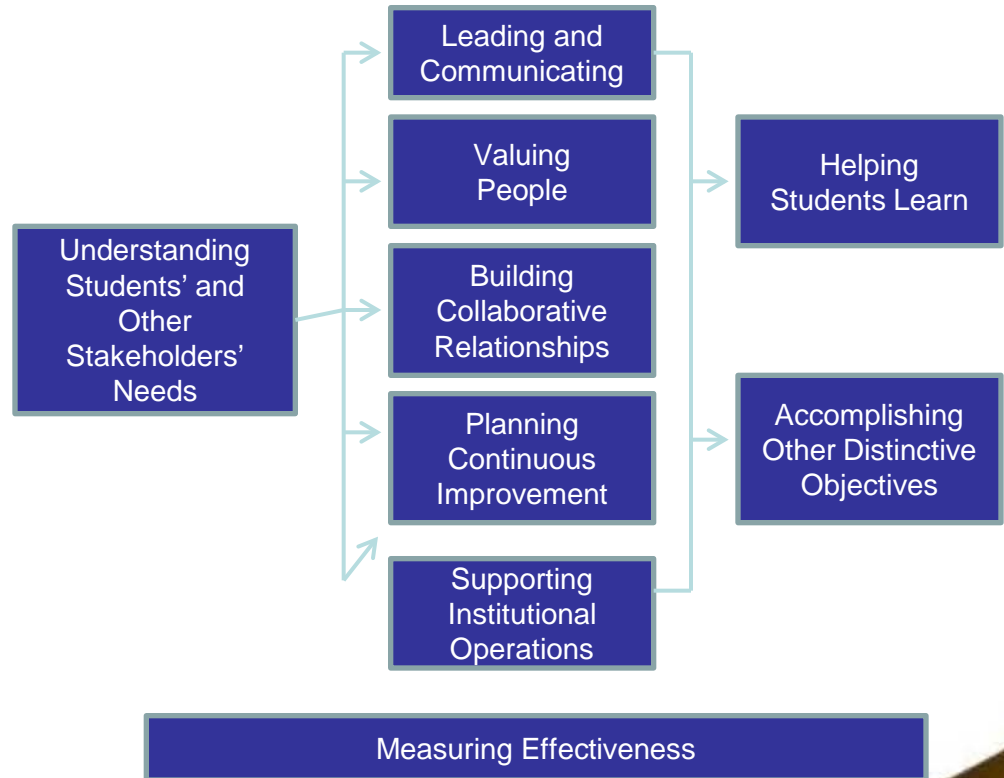

Bridge programs prepare adult education and foundational students for college transition by providing intensive contextualized instruction and supportive services, while in many cases preparing students for entry level employment.

Continuing education in IT primarily serves those with an Associate's degree or IT professionals seeking to update their skills, though certifications may allow for prior learning credit for select courses in the Associate's degree programs.

Math On Demand

REINVENTION			
<p>Goal 1: Increase number of students earning college credentials of economic value</p>	<p>Goal 2: Increase rate of transfer to bachelor's degree programs following CCC graduation</p>	<p>Goal 3: Drastically improve outcomes for students requiring remediation</p>	<p>Goal 4: Increase number and share of ABE/GED/ESL students who advance to and succeed in college-level courses</p>
<p>Occupational KPIs</p> <ul style="list-style-type: none"> • Program retention • Students employed in field of study • Passing rate 	<p>Bacc/Transfer KPIs</p> <ul style="list-style-type: none"> • Course success • Term-to-term retention • Completion of GECC • Graduation rate 	<p>Remedial KPIs</p> <ul style="list-style-type: none"> • Course success / completion • Transition to college credit • Completion of 15 or more college level credit hours • Post remedial education success 	<p>Adult Ed KPIs</p> <ul style="list-style-type: none"> • level gains • Within term retention • GED pass rate • Transition to post-secondary education or training
<p>Student Services</p> <ul style="list-style-type: none"> • Job placement rate • Internship placement rate • Formal partnership • Student satisfaction 	<p>Student Services</p> <ul style="list-style-type: none"> • Transfer rate • Formal partnerships • Student satisfaction 	<p>Student Services</p> <ul style="list-style-type: none"> • Formal partnerships • Student satisfaction 	<p>Student Services KPIs</p> <ul style="list-style-type: none"> • Formal partnerships • Student satisfaction

Math on Demand (MOD) Key Approaches

Individualization

Instructors work with students individually based on strengths, weaknesses, needs, and goals

- **Spring 2012 – MOD served more than 1,000 Developmental Education math students**
- **Spring 2013 – Wright opened new Math Center**

Student Engagement

Time spent on hands-on tasks; 4-5 hours per week in the Math Lab.

Students are asked to select their academic and career tracks early on during their academic journeys

Contextualization

Learning math in context, such as in manufacturing or green technology, as well as allied health careers

Tying math skills to the students' future career aspirations.
