CCC Shuttle Bus Service

Office of Administrative and Procurement Services

August 7, 2014

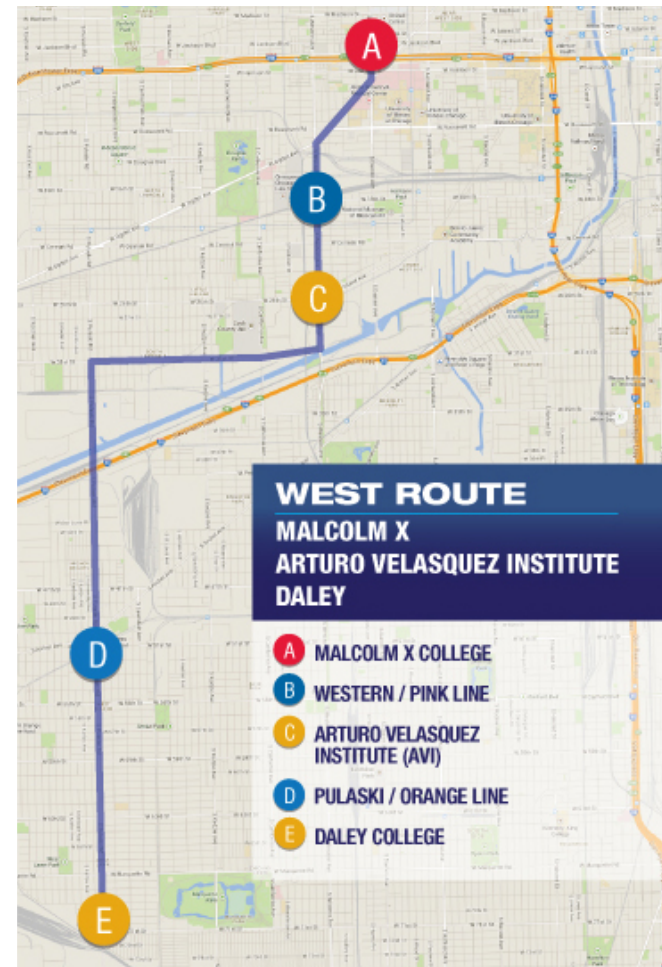

CCC will introduce a shuttle bus service to link campuses to each other and to CTA hubs

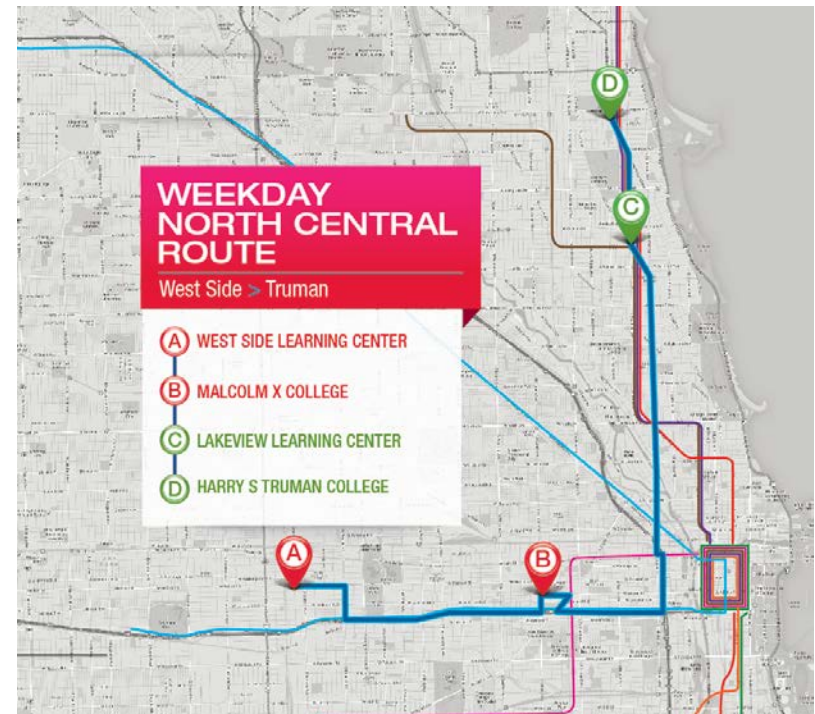

- Service will be available to all students, faculty and staff
- Connects campuses with high cross-registration
- Supports C2C
- Will not duplicate CTA services, but will connect campuses to CTA hubs
- Launch service at start of Fall semester 2014
- Contracted to SCR Medical Transportation, a Chicago-based certified minority-owned firm

There will be four shuttle routes connecting campuses to each other, to satellite facilities, and to CTA hubs

There will be four shuttle routes connecting campuses to each other, to satellite facilities, and to CTA hubs (cont.)

Shuttle service will provide a means of safe and convenient transportation

- All buses are ADA Compliant
- Access will be controlled through use of “tap-to-board” ID card readers
- Buses will be equipped with security cameras and a “panic alarm” to contact the Chicago Police Department (indirectly) in the event of emergency
- GPS bus tracking system will allow riders to obtain estimated arrival times on desktops, smartphones, and tablets through a mobile website
- Riders will have WI-FI internet access configured to CCCFree
