She noted that 30 percent of students registered for fall courses are on a pathway. The goal is 100% by fall of 2015.

She also mentioned her involvement in the public safety meetings with Mayor Emanuel and community leaders.

VI. DISTRICT UPDATES

President Reagan Romali provided a presentation on Truman College. The presentation can be found here.

Vice Chair Alberding asked for clarification on the content of math courses. President Romali outlined the varying math courses and the level of math taught in said courses.

Vice Chair Alberding also asked if there were plans to track students who participate in paired courses. President Romali stated that the metrics are tracked.

Chair Wolff asked the Chancellor if she anticipated consolidating district-wide education, human and natural science programming at Truman College. Chancellor Hyman stated that some form of consolidation will occur, as with the other focus areas.

Vice Chancellor Diane Minor updated the Board on the FY2015 Capital Projects, M/WBE and the CCC Shuttle Bus Service. The presentations can be found here.

FY2015 Capital Projects:

Chair Wolff asked if the district was eligible for security investments to receive increased funding from the Illinois Criminal Justice Information Authority. VC Minor stated that her team has been looking into state and federal grant resources but she does not recall if the district is eligible for this specific grant.

Chair Wolff inquired about how CCC compares to other institutions with regard to building maintenance and capital improvements. VC Minor stated that she meets quarterly with other community colleges
regarding these issues. She noted that CCC is doing better, in some ways, due to conscious efforts to invest in its campuses.

Chair Wolff also asked VC Minor to outline the procurement process for capital improvements. VC Minor explained the Job Order Contract (JOC) process where the district identifies a pool of contractors, through a competitive bid, to complete projects throughout the year. The pool of contractors is approved by the Board on an annual basis. Specific projects are approved monthly.

M/WBE:

Chair Wolff asked if contractors employ our students and if CCC tracks their progress throughout their careers. VC Minor stated that companies hire our students as interns and in some cases keep them as full-time hires. The companies typically communicate with CCC regarding interns but are not mandated to report on progress after the internship. CCC doesn’t have a formal process in place to track progress.

Shuttle Bus Service:

Trustee Duque asked if the buses were owned by CCC or SCR Medical Transportation. VC Minor stated that the buses are owned by SCR.

VII. FACULTY COUNCIL REPORT

Professor Joseph Craan presented the faculty council report. The presentation can be found here.
