Centers of Excellence

December 5, 2019
Regular Board Meeting
City Colleges of Chicago is committed to providing Chicagoans pathways to economic mobility through industry-aligned career education programs.

Organizational structure for CCC signature career programs – those aligned with the growing sectors in Chicago

Both focal points and launch pads for the critical sector-based work that is necessary for creating quality pathways into jobs and careers.

Serve as the primary convener for industry expertise, providing a single point of contact for sector stakeholders
City Colleges of Chicago

Centers of Excellence

As focal points, Centers of Excellence are responsible for organizing resources and expertise for the purposes of Quality, Innovation, Access and Partnership.
City Colleges of Chicago
