**ADOPTED-BOARD OF TRUSTEES
COMMUNITY COLLEGE DISTRICT NO. 508
NOVEMBER 5, 2020**

**BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
COUNTY OF COOK AND STATE OF ILLINOIS**

**RESOLUTION
APPLICATION FOR NEW PROGRAM
BASIC CERTIFICATE IN MANUFACTURING TECHNOLOGY
OFFICE OF ACADEMIC AND STUDENT AFFAIRS
RICHARD J. DALEY COLLEGE**

WHEREAS, new educational programs require approval of the Board of Trustees of Community College District 508, the Illinois Community College Board (ICCB) and the Illinois Board of Higher Education (IBHE); and

WHEREAS, an application for approval of the City Colleges of Chicago Basic Certificate in Manufacturing Technology has been received and is under review by the Joint Curriculum Development Council for submission; and

WHEREAS, the Basic Certificate at Richard J. Daley College in Manufacturing Technology will be the starting point for all Advanced Manufacturing students to build a strong foundation of skills to build upon. This will allow graduates to obtain employment and lead successful manufacturing careers in highly technical and automated industrial settings, assist manufacturing companies to implement the latest automated technology, and if desired, progress on to more advanced certificates, an AAS and Bachelors programs. Manufacturing is quickly becoming more automated and requires integrated skills due to the complexity of the technologies involved in a modern manufacturing facility. Local Industry partners such as PepsiCo, South Chicago Packing, CITGO, Cornell Forge, Brad Foote Gear and the American Gear Manufacturing Association require employees with up to date training to allow them to be competitive manufacturers in the global marketplace. Many of the jobs that these skills will allow our students to qualify for are on the list of hard to fill jobs for the region and over half of the jobs posted in manufacturing go unfilled due to a lack of qualified candidates leading to a strong demand for new trained candidates in this field; and

WHEREAS, labor market data shows strong demand for Assemblers and related production operator occupations, with 3,461 annual openings in Cook County, with entry-level wages of \$10.94 per hour and average wages of \$16.62.

NOW THEREFORE BE IT RESOLVED, that the Board of Trustees of Community College District No. 508, County of Cook and State of Illinois, hereby approves the submission of this program for permanent approval by the Illinois Community College Board, pending completion of Proposed Academic Curriculum Changes (PACC) process per Academic Policy 9.02.
