USER: District Wide

ORIGINAL TERM:

The term of the agreements began on October 5, 2017 and will end on September 30, 2020, with two options to renew for two (2) additional 24-month terms.

FIRST RENEWAL TERM:

The first renewal term shall begin on October 1, 2020 and end on September 30, 2022, with an option to extend for one (1) additional 24-month term

SCOPE OF SERVICES:

The scope of services is determined as the need arises. Generally, it will be for the contractor to perform room build-outs, roof repairs, electrical work, plumbing work, parking lot repairs, space renovations, ceiling repairs, mechanical upgrades, and miscellaneous repair projects. The total cost of each project is not to exceed \$500,000. Projects with a value greater than \$25,000 will be presented to the Board for prior approval.

BENEFIT TO CITY COLLEGES OF CHICAGO:

JOC is a system that is employed by government entities throughout the country and within the City of Chicago and its sister agencies to accomplish construction improvements in a timely and cost effective manner. It has worked very effectively for City Colleges of Chicago (CCC) over the past several years by allowing CCC to renovate spaces quickly in reaction to academic and administrative needs. The program reduces start to finish construction time by approximately 50% and is necessary to support the District's capital plan.

DELIVERABLES:

As directed by CCC, the vendors will provide timely pricing for selected projects based on the pre-priced construction catalogue developed by the Gordian Group. Upon pricing and Board approval the selected vendors will immediately commence work and complete all projects in a workmanlike manner in accordance with CCC's schedule.

VENDOR SELECTION CRITERIA:

On June 22, 2017 Sealed Bid #JM1701 was advertised for JOC services. Five hundred and three firms were notified including the assist agencies and on June 28, 2017, a pre-proposal conference was held. The twenty-two (22) firms responded to the RFP:

Firms bid factors from the book price established by the Gordian Group for regular time, non-regular time, and non-prepriced items. Published mathematical formulas were applied to the factors resulting in a final Combined Adjustment Factor. Unique Casework Installations, Inc. was deemed non-responsive for failure to comply with the submittal requirements of pricing.

From the responses submitted, per Board Report #33312, adopted on October 5, 2017, CCC determined that it would be in its best interest to offer contracts to the twenty-one (21) firms that submitted all required documents. Per Board Report #34029, adopted on August 6, 2020, agreements were renewed with nineteen (19 firms). This amendment renews the agreement with Pacific Construction. Coleman Development Corporation’s contract will not be renewed. The twenty (20) firms are listed below.

MBE/WBE COMPLIANCE:

The Office of Procurement Services has reviewed the bid responses from the selected vendors and has determined that each vendor has provided sufficient proof of their commitment to meet the Board Approved Participation goals by naming MBE/WBE firms they regularly contract with on public projects.

Additionally, the selected vendors' MBE/WBE specific plans will be evaluated at the time of subsequent Job Order Contracts. Also, the selected JOC vendors' compliance achievement will be evaluated throughout the overall contract term.
