Grant Name Truman Action Research Equity Project	Funder Illinois Equity in Attainment (ILEA) Catalyst Equity grant	Amount \$12,000	Performance Period 4/30/2021 - 12/31/2021
College/District Truman	Accountability Vincent Wiggins, Dean-Career & Continuing Education Program and Susan Marcus, Dean-Instruction	Pd # 2105065	Entity Applied CCC

Summary

The Illinois Equity in Attainment (ILEA) Catalyst Equity grant is specifically for the continuation of new projects under the Truman's ILEA Equity Plan. This project specifically addresses two Strategic Goals from Truman's Equity Plan: One: Strategically leverage partnerships to enhance the campus experience of our diverse population of students; Two: Increase institutional capacity for inquiry and the strategic use of research, evaluation, and data to develop and implement equity-minded practices across the campus. The deliverables for this project are the completion of a successful Equity Champions cohort (training, Action Research and evaluation. This grant does not provide direct student services but the Equity Champions and their Action Research will produce significant positive impact on all students at Truman College. The funds will be evenly divided among stipends, training, and consultation fees.

Alignment

STUDENT EXPERIENCE: We promise that every experience with City Colleges, from pre-admissions to completion, will be exceptional. Every student will be able to maximize their learning inside and outside the classroom, navigate our institution with ease, make significant progress towards their goals, and feel welcome and supported by all City Colleges employees.

EQUITY: We will become a “student-ready” and equitable institution that is designed for all students to thrive—especially those from historically and present-day marginalized communities. We will equip students with the support and resources they need to succeed in the classroom and beyond.

EXCELLENCE: We will build a culture of excellence that inspires everyone to become the ‘best in class’ for our students and community. We hold ourselves accountable to delivering academics, experiences, and services of the highest quality. Our faculty and staff will continue to receive professional development across the district to continuously improve their practices.

COLLABORATION: We will create a more collaborative and connected ecosystem to foster coordination and communication that supports student success. At each college and across the district, we will implement people, data, and technology solutions to create holistic best practices with an inclusive approach to problem solving.

INSTITUTIONAL HEALTH: We will develop, monitor, and improve critical institutional health metrics that ensure financial sustainability and the well-being of our institution.
