## **CAP-Community Action Plan Helps Align Actions**

## **PARTNERSHIPS**

Wright is an integral piece of the community. The CAP helps the College grow its partnerships, collaborate with local CBOs, and provide space for community events.

## CURRICULAR

The CAP will augment Wright's global curriculum, providing increased opportunities for students in service learning, civics, and learning about how to make a difference in their college and communities.

## **CO-CURRICULAR**

Through increased and augmented opportunities for service, volunteerism, and democratic engagement, the CAP will help students beyond the classroom.

### PROMOTION

Wright has an array of fantastic community efforts. The CAP allows us to consistently message our successes, gain feedback from our community, and keep everyone abreast of new opportunities.

## ALIGNMENT

The CAP will complement other major planning efforts at the College, including the Strategic Plan and enrollment and equity initiatives.

## EQUITY

Wright wants all students to have an opportunity to practice civic engagement and get involved with their communities. A wide array of partners and initiatives can help us ensure that they do.

#### STUDENT GOVERNMENT A S S O C I A T I O N

Wright College administrators have been very receptive to student concerns. As avid supporters of our student-led initiatives, they have worked with us to better the Wright College experience.

Through our SGA platform, we have met with Wright administrators and advocated for:

- Application Inclusivity Reform (AIR)
- Advising Restructure
- **Activity Hour**

They include:

## Application Inclusivity Reform Proposal

- In SGA's mission to ensure our students feel safe and included within our college community, we have proposed several additions to the CCC application.
  - Create optional questions for students to
  - select their pronouns, non-legal name,
  - gender identity and sexuality.
  - Modernize the application to create an
  - inclusive and supportive environment for all
  - onboarding CCC students.

## **ADVISING RESTRUCTURE PROPOSAL**

Via our recent survey, nearly 80% of students who took the survey are in favor of program plan-focused advising.

#### SGA proposes having:

- Advisors become specialists within a designated pathway to provide adequate program plan information and resources.
- Students assigned to specific advisors based on their program plan starting Fall 2021

As advisors become content masters on their program of expertise, Wright as an institution will become that much more successful in aiding their students.

- To make an activity-hour possible, a time when no
  - classes are scheduled, and students are freely able
  - to participate in activities.
- To schedule 3:30 4:30 PM

# **Activity-Hour Proposal**

- Students have also demonstrated an interest in
- participating in co-curricular activities and expressed their inability to attend due to time constraints.
- With all acquired feedback, SGA decided to work together
- with administrators and faculty proposing
