THE CHANCELLOR RECOMMENDS:

that the Board of Trustees authorizes the Chair, upon final approval of the General Counsel as to the legal form of such an agreement, to execute an agreement with Medline Industries, Inc. for the purchase and installation of medical equipment and supplies for the period starting no sooner than November 2, 2023 through June 30, 2024, at a total cost not to exceed \$250,000.

VENDOR: Medline Industries, Inc.

USER: Kennedy-King College

TERM:

The term of this agreement shall begin on no sooner than November 2, 2023 and shall end on June 30, 2024.

SCOPE OF SERVICES:

Medline Industries will provide medical equipment and associated installation services to expand the BNA Program at Kennedy-King College and “white glove” service including placing equipment within rooms of choice, unpacking and assembling all equipment, and removal of all debris offsite. VENDOR SELECTION CRITERIA:

Pursuant to Board Report #29816 and 32583, the Board approved the use of the Omnia Partners cooperative purchasing agreement. Medline Industries Inc.’s contract for medical and surgical supplies was awarded in accordance with the procurement procedures as detailed in Solicitation 002109-JUL202-MED/SURG RFP 2018AO and approved under Omnia Partners contract number

2021003157. Pursuant to State Law, the purchase of good and services from another governmental agency is exempt from the District’s competitive bidding requirements.

MBE/WBE COMPLIANCE:

The Office of Procurement Services has reviewed the proposed compliance plan and recommends a full waiver of the Board Approved MBE/WBE Contract Participation Plan due to nature of the agreement (purchase and installation of hospital beds) and absence of subcontracting opportunities.

GENERAL CONDITIONS:

Inspector General- It shall be the duty of each party to the agreement to cooperate with the Inspector General for City Colleges of Chicago in any investigation conducted pursuant to the Inspector General’s authority under Article 2, Section 2.7.4(b) of the Board Bylaws.
