February 1, 2024 – The Human Resources Department

~~ARTICLE 4~~
PERSONNEL

ARTICLE 4
HUMAN RESOURCES

4.1 AUTHORITY/SEVERABILITY.

These ~~Personnel~~Human Resources Policies are promulgated in accordance with the provisions of the State Act. If any Policy or provision of these policies is determined to be void or unenforceable by a court of law, then such policy shall be excised and the authority to address the subject of the void provision is reserved to the Board.

4.2 COLLECTIVE BARGAINING AGREEMENTS.

Except as provided below, Board Policies concerning ~~personnel~~human resource matters are Policies of general application for all District employees. If there is a conflict between any Board Policy and a specific provision of a Collective Bargaining Agreement entered by Board, the provision of the Collective Bargaining Agreement shall control as to those employees covered by the Collective Bargaining Agreement except that any provision of a Collective Bargaining Agreement that is void or voidable by operation of law shall be void, in which case, the applicable Board Policy shall apply. In no event shall Board Policies be construed to enhance or increase benefits or terms and conditions of employment specifically set forth in Collective Bargaining Agreements.

4.3 THE EMPLOYEE MANUAL.

The Board has authorized the publication and distribution of an Employee Manual to all District employees, which sets forth a statement of all Board ~~personnel~~human resources policies, employee work Policies and general descriptions of employee benefits. The Employee Manual shall not be construed as creating any rights to continued employment by any employee or as a guarantee to any employee of a certain level of compensation and/or benefits and shall not alter the at-will status of employees. The Board reserves the right to alter or amend the Employee Manual at any time by Board resolution and authorizes the ~~Vice Chancellor of Human Resources~~Chief Talent Officer to amend the Employee Manual to reflect changes in personnel, contact or address information, benefits, organizational structure and any other policy, Work Rule or resolution already approved by the Board without seeking an additional resolution for said changes.

4.4 HIRING AUTHORITY.

Except for the hiring of full-time faculty and full-time temporary employees, the hiring of full-time employees is reserved exclusively to the Board. The classification of “temporary employee” is an individual brought on to work full- or part-time on a short-term assignment without being treated as a “permanent” employee and lacking the benefits of permanent employees. Subject to the provisions of Board Policy 4.8, the hiring of all other employees, including full-time faculty, is delegated to the Chancellor or his/her designees subject to post-employment ratification by the Board, which shall occur no later than the second regular public meeting of the Board following the end of the calendar quarter in which the employee is hired, if feasible.

All administrative and non-bargained for appointments shall be recommended to the Board by the Chancellor, upon the recommendation of the College President or ~~Vice Chancellor~~Chief Talent Officer, after the candidate has satisfied all pre-employment requirements of the District. All candidates recommended for an appointment must meet the minimum qualification requirements established for the position. The selection of a candidate for appointment will be made competitively from among the best qualified candidates. The recruitment and selection of qualified candidates is a competitive and transparent process, however, unless otherwise decided by the Chancellor, discretion to not post is reserved for positions at a salary grade of twelve (12) and above. The Board shall have sole authority, in its discretion, to appoint and to terminate an administrative or non- bargained for employee position at any time.

4.5 EQUAL EMPLOYMENT OPPORTUNITY.

Except as allowed by law, discrimination with respect to hire, terms and conditions of employment or continued employment, based upon race, color, national origin, ethnicity, gender, age, religion, citizenship, sexual orientation, marital status, pregnancy, disability, genetic information, veteran status or the exercise of rights guaranteed by local, state or federal law is prohibited. Consistent with this Policy, the Board has adopted policies including uniform internal complaint procedures to enable the Board, through its EEO Office, to detect and eliminate discrimination prohibited by this Policy.

4.6 HIRING PRE-REQUISITES & REQUIREMENTS.

The decision or recommendation to hire a full-time job applicant shall be a revocable offer of employment pending Board approval, or in the case of applicants for part-time positions, Board ratification. All applicants for employment, including full-time

temporary employees, shall be subject to the pre- and post-offer requirements listed below and all requests for Board approval and ratification of hiring decisions shall certify that the requirements have been met. Independent contractors, while not City Colleges of Chicago employees, are subject to the same pre-employment and post-offer drug test and background check requirements listed below. An independent contractor is an individual or sole proprietor who is contracted to perform work for the City Colleges of Chicago. An independent contractor is not an employee of City Colleges of Chicago and is treated differently with respect to tax withholdings, employee benefits and payment methods.

(a) Residency.

All full-time employees hired on or after July 1, 1977 shall be residents of the City of Chicago within six (6) months from their date of employment.

The purposes of this Policy are to establish consistent, equitable and enforceable guidelines concerning the Board's requirement that all officers and employees of the City Colleges of Chicago be residents of the City of Chicago and to establish new provisions to the residency requirement.

Definitions.

- A. "Residency" means an employee's domicile, the actual place where an employee lives and has his or her true, permanent home to which, whenever he or she is absent, he or she has an intention of returning.
- B. "Employees" mean all full-time employees. "Employees" does not include part-time employees and temporary employees.
- C. "Continuously employed" means employment that has not been interrupted by a break in service.
- D. "Break in service" means a loss of employment as a result of dismissal, separation, and resignation not followed by rehire within one year.
- E. "Material omission of fact" means the employee's intentional failure to disclose his/her actual residence for purposes of concealing from City Colleges of Chicago his/her non-compliance with the residency requirements of this Policy.

Exemptions.

All full-time employees recommended for hire or hired on or after July 1, 1977 shall be residents of the City of Chicago except for the following employees:

- i. Military personnel employed at locations outside the City of Chicago;

- ii. Full-time employees who marry another full-time District employee hired prior to July 1, 1977 and who actually reside with that employee;
- iii. Full-time employees in janitorial, operating engineer and firemen classifications (Job families 811, 821, and 831) hired prior to January 1, 1980; and
- iv. Full-time employees of the Washburne Trade School who were transferred to City Colleges employment from the Chicago Board of Education in or about January 1984.

Timeline for establishing Residency/Extensions.

A certificate of residence within the City of Chicago shall be required as part of the employment application process for all new hires. Continued residence within the City of Chicago shall be a condition of continued employment for all employees subject to this Policy. A nonresident of the City of Chicago may be hired, provided that such person agrees, as a condition of employment, to establish actual residency within the City of Chicago within six (6) months after the commencement of employment. The Chancellor may extend the time during which a new employee may establish residency in the City for up to two (2) additional three-month periods, if warranted by the individual circumstances of the employee and if the Chancellor determines that it is in the best interests of the District to do so.

The Chancellor may also grant up to two (2) additional three-month periods when a nonresident is able to show a good faith effort toward selling his/her existing primary residence located outside the City of Chicago in order to meet the residency requirement.

The Inspector General shall conduct an annual audit of the District's compliance with this Policy and shall submit a report of audit findings to the Board no later than the first regularly scheduled public meeting of the Board following July 1st of each year.

Notification of Change of Address.

All employees must access Employee Self Service to update their home address on record. A full-time employee who represents to the Office of Human Resources that he/she resides in the City of Chicago at the time of his/her hire or at any time thereafter and 1) who subsequently moves his/her actual residence from the City of Chicago, and 2) fails to notify the Human Resources Department of his/her change of address as required by this Section shall be deemed to have made a material omission of fact for the purpose of concealing his/her actual residence.

Proof of Residency.

For the purposes of this Policy, the question of an employee's residence is principally one of where an employee intends to live and have his or her one true, permanent home or domicile to which an employee intends to return following an absence. The presumption in this Policy is that the address an employee gives while completing hiring documents or has entered via Employee Self Service is that employee's correct address. In disputed cases, the burden of proof rests with the employee to show that his or her claimed residence is the one where the employee intends to live and have as his or her one true permanent home or domicile. Based on the fact that intent may be manifested in innumerable ways, any residency inquiry must consider all of the pertinent factors on a case-by-case basis. Such an inquiry shall consider, but not be limited to, the following factors: voter registration, place of filing tax returns, property ownership, driver's license and car registration.

Annual Certification of Residency.

On February 1st of each year every full time employee of the City Colleges of Chicago will be required to certify their compliance with this residency policy. The employee's certification shall include an oath or affirmation that the employee is:

- i. an actual resident of the City of Chicago; or
- ii. not required to be an actual resident of the City of Chicago because he/she falls within one of the exceptions listed above; or
- iii. a new full-time hire or a current employee newly promoted to a full-time position and not an actual resident of the City of Chicago, but six months has not yet elapsed since the commencement of employment/promotion or the employee received an approved extension of time that has not yet elapsed.

(b) Pre-employment drug testing.

The Board has approved a policy and program for the pre-employment drug screening of applicants for full-time and part-time employment at a medical laboratory certified to conduct such testing by the National Institute for Drug Abuse. Said policy may be amended from time to time as the Board deems in the District's best interest. Usual and customary procedures and protocols for drug screening have been established and may be amended or revised from time to time by the Chancellor or designee, in consultation with the medical laboratory.

No applicant for employment, or a former employee being re-hired regardless of the length of break in service, subject to drug testing under the policy and program implemented by the Chancellor shall be recommended for hire or hired if the pre-

employment drug screen reveals the presence of illegal or non-prescribed controlled substances. Applicants shall not begin work prior to the receipt of pre-employment drug testing results.

(c) Background Checks.

All applicants for employment shall be required to undergo a background check, which includes but is not limited to the following: criminal history verification, education verification, and employment verification.

- i. Criminal history check - All applicants for employment must disclose and certify their criminal history and shall be subject to criminal history background verification, excluding current City Colleges of Chicago students applying for non-sensitive student job titles. For purposes of this section “criminal history” shall mean a history of criminal convictions in any State or territory of the United States of America.
- ii. Education (Credential) Verification - The Human Resources department will conduct credential verification for all applicants for employment to verify the applicant possesses appropriate academic credentials commensurate with the requirements of the position applied for and that academic degrees, where required, have been awarded by regionally accredited institutions. Applicants for faculty positions shall in addition comply with the credential review process set forth by the Office of Academic Affairs.
- iii. Employment Verification – The Human Resources department will conduct employment verification for all applicants to include the applicants’ last three employers over a ten year period.

(d) Medical examinations.

The Chancellor may require post-employment medical or psychological examinations to determine an employee’s fitness for continued employment consistent with applicable laws.

(e) Child and spousal support obligations.

All applicants for employment shall be required to disclose any unpaid court-ordered child or spousal support obligations currently owed by the applicant. As a condition of hire and continued employment, the applicant shall be required to demonstrate that satisfactory arrangements for the payment of the unpaid and current obligation have been made, either through payroll deduction or other means.

(f) Employee Indebtedness.

Pursuant to City Colleges of Chicago Policies and Work Rules, all applicants must disclose on their new hire paperwork whether they are in default for any obligation to the City Colleges of Chicago, City of Chicago, County of Cook, or State of Illinois. Applicants who are, as well as employees who become, in default on any obligation or owe any past due debt will be required to provide satisfactory proof that payment has been made or that arrangements for payment have been made either through payroll deduction or other means.

Failure to pay an overdue debt to City Colleges of Chicago, City of Chicago, County of Cook, or State of Illinois within thirty (30) calendar days of receiving a demand therefore is a violation of City Colleges of Chicago Policies and Work Rules, as well as Board Policy, unless the employee:

- i. has entered into an agreement with City Colleges of Chicago, the City of Chicago, County of Cook, or State of Illinois through the appropriate department for the payment of all debts owed, and remains in compliance with the agreement;
- ii. is contesting liability for the amount of the debt in a pending administrative or judicial proceeding, and provides satisfactory proof of such proceeding; or
- iii. has filed a petition in bankruptcy and the debts are dischargeable in bankruptcy.

Failure to disclose such debts or obligations on the employment application, or failure to pay or make arrangements for payment within thirty (30) days of hire date shall subject the employee to disciplinary action, up to and including termination.

(g) Educational Loan Obligations.

All applicants for employment shall be required to disclose any unpaid, past-due obligation for educational loans and, as a condition of hire and continued employment, shall be required to provide satisfactory proof that arrangements for payment of the past-due education loan have been made through payroll deduction or other means.

(h) Job Qualifications.

The qualifications to fill any position shall be determined by the Chancellor or his/her designee and shall be consistent with the duties, responsibilities and goals of the job classification. The Chancellor or his/her designee may establish "minimum" and "desired" qualifications for each classification. No applicant for employment shall be recommended for hire to the Board, or hired unless they meet the minimum qualifications for the position; provided, however, that upon written justification by the Chancellor, the Board

may permit substitute minimum qualifications. In accordance with the State Act, all applicants for full or part-time teaching or instructional positions shall be required to demonstrate their oral proficiency in the English language ~~in accordance with the Board's Oral English Proficiency Program.~~

(i) Volunteerism

Volunteers may be retirees, current students, alumni, or the general public over the age of 14. Volunteering is done by personal choice, without monetary reward, compensation, personnel benefits or the expectation of future employment.

All volunteers must establish proof of identity and regardless of the work position or responsibilities they are volunteering for, are subject to drug screening, criminal background and personal reference checks.

4.7 POST-EMPLOYMENT DRUG AND ALCOHOL TESTING

Consistent with the Board's Drug Free Work Place Policy (Board Resolution 14088, adopted July 6, 1989), the Chancellor shall develop and implement a program for drug and alcohol testing of employees under the following circumstances:

- (a) Employees for whom there is a reasonable suspicion, as defined by law, that they have reported to work or are conducting the business of the District while under the influence of non-prescribed drugs or alcohol.
- (b) Employees for whom District Administration has reasonable and credible evidence that they have participated in the unlawful: manufacture, distribution, dispensation, possession or use of cannabis, a controlled substance, or alcohol while on City College premises or while participating in any function sponsored by or held at any City Colleges' facility.
- (c) Employees who occupy critical safety positions.
- (d) Employees who have been involved in a motor vehicle accident while operating a vehicle on District business.

- (g) Employees moving from one full-time position to another full-time position, who have not previously submitted to a drug screen.
- (h) Employees in positions that are being reclassified, who have not previously submitted to a drug screen.

- (i) Any employee that has had any break in service, including a break in service due to a pending grievance or arbitration or has been suspended for over thirty (30) days, is subject to drug and alcohol testing prior to reinstatement of employment.

4.8 EMPLOYMENT STATUS.

Subject only to specific provisions of Collective Bargaining Agreements, District employees are employed at-will and either the Board or the employee may terminate the employment relationship for any or for no reason, with or without notice. District employees are public employees and, as such, shall be subject to the highest standards of integrity, competence and confidence. All District employees have a fiduciary relationship with the Board.

4.9 TENURE POLICY.

(a) Full-time faculty members may be awarded tenure in accordance with the tenure provisions of the State Act and the District Tenure Policy Manual.

(b) Tenure shall not be granted or awarded to Part-time Faculty, Lecturers or Instructors.

4.10 HOURS OF WORK AND SCHEDULING.

Subject only to applicable Collective Bargaining Agreements, the following shall be the hours of work for District employees:

All full-time employees who are “non-exempt” as defined under the United States Fair Labor Standards Act shall generally work an eight (8) hour day and forty (40) hour work week exclusive of meal breaks as their regular workweek. These employees shall be afforded a one (1) hour unpaid meal break each eight-hour workday. These employees shall generally work for five (5) consecutive workdays. The Chancellor or his/her designees may adopt policies for staggered working hours and schedules to ensure adequate staffing during all days and hours of business operation. (b) Part-time, non-academic employees

Part-time, non-academic employees are employees who are regularly assigned less than 30 hours in a workweek but may be assigned more than those hours on a temporary or sporadic basis with the prior written approval of their immediate supervisor.

(c) Academic employees

The Chancellor may adopt and implement policies for minimum and maximum hours of work for academic employees as the Chancellor deems in the best interest of the District. Any such policies shall be published to all applicants for academic employee positions. For purposes of this Policy, “academic employee” means any employee assigned to teach District students.

(d) Public accountability

Consistent with the Fair Labor Standards Act, the Board adopts principles of public accountability which require time and attendance monitoring of all employees including those employees who are otherwise exempt under the Fair Labor Standards Act.
