BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
COUNTY OF COOK AND STATE OF ILLINOIS
RESOURCE DEVELOPMENT

THE CHANCELLOR REPORTS

that the following proposals, contracts, and other special funding instruments are under development or have been submitted by staff at this time.

Section I. Grant Proposals Awarded

Total Value: \$ 4,953,314.00

Grant / Fund Name	Funder	Amount	Entity Received	Performance Period
Department of Family Support Services - Early Head Start	Department of Family Support Services	\$1,435,011.00	District Office	12/1/2023 - 11/30/2024
This is a renewal grant that will include funding for five campuses: Truman, Daley, Olive-Harvey, Kennedy-King, Malcolm X College. Head Start is a federally funded program that helps "prepare America's most vulnerable young children to succeed in school and in life beyond school. To achieve this, Head Start programs deliver services to children and families in core areas of early learning, health, and family well-being while engaging parents as partners every step of the way."				
Department of Family Support Services - Head Start	Department of Family Support Services	\$748,114.00	District Office	12/1/2023 - 11/30/2024
This is a renewal grant that will fund to serve families at the following campuses: Kennedy-King College, Malcom X College, and Olive-Harvey College. It will help provide quality and comprehensive services in accordance to the Head Start Performance Standards. Head Start programs prepare America's most vulnerable young children to succeed in school and in life beyond school. To achieve this, Head Start programs deliver services to children and families in core areas of early learning, health, and family well-being while engaging parents as partners every step of the way.				
Rev Up EV Community College Initiative Electric Vehicle Technology Grant	Illinois Community College Board (ICCB)	\$525,000.00	Richard J. Daley College	1/15/2024 - 6/30/2025
Richard J. Daley College has identified four Certificate Programs to develop including EV Charging Station Installation Technician, Industrial Maintenance Electrical Technician, High Voltage Storage Battery Technician and Electronics Repair Technician in addition to revising and upgrading our Mechatronics AAS program and developing a new Electrical Engineering Technology Program through this grant opportunity. These pathways have synergies and overlapping basic skills and build on our already existing Manufacturing Engineering Technology programs that are currently in operation at the college.				
Rev Up EV Community College Initiative Electric Vehicle Technology Grant	Illinois Community College Board (ICCB)	\$524,982.00	Olive-Harvey College	1/15/2024 - 6/30/2025

The proposed program is specifically designed to address equity gaps related to race, socioeconomic status, and gender. We aim to help students overcome these barriers by providing access to education, credentials, on campus supports (including layered academic, financial, and personal well-being resources) and career pathways that can lead to economic mobility. These goals are in alignment with all six of CCC's strategic levers. The need for these funds is to build an EV Infrastructure training lab and have staff available to meet with students to help them overcome those barriers that might otherwise impact their ability to access, persist, and succeed in the program.

Rev Up EV Community College Initiative Electric Vehicle Technology Grant	Illinois Community College Board (ICCB)	\$524,328.00	Harry S Truman College	1/15/2024 - 6/30/2025
--	---	--------------	------------------------	-----------------------

Harry S Truman College is an active part of the Illinois Electric Vehicle (EV) Network, which is a sizable statewide alliance of academic institutions collaborating to advance EV education in Illinois. With the support of this grant project, Truman's EV-aligned training programs in software development, charging infrastructure, energy storage, manufacturing, and engineering of electric vehicles will grow. In order to provide an academic curriculum that is in line with electric vehicles, we aim to increase capacity and infrastructure. This includes buying equipment and assigning sufficient space, infrastructure, and IT support.

Rev Up EV Community College Initiative Electric Vehicle Technology Grant	Illinois Community College Board (ICCB)	\$500,700.00	Kennedy-King College	1/15/2024 - 6/30/2025
--	---	--------------	----------------------	-----------------------

Kennedy-King College proposes to develop Electric Vehicle (EV) Technology curriculum and course offerings. The purpose of this initiative is to promote the development and growth of training programs that prepare individuals for careers in EV technology and EV specific advanced manufacturing fields, with a priority focus on programs and training in areas that are most in demand by EV business and industry partners.

Innovative Bridge and Transitions Grant Program	Illinois Community College Board (ICCB)	\$400,000.00	District Office	1/1/2024 - 12/31/2024
---	---	--------------	-----------------	-----------------------

The goal of City Colleges of Chicago's Adult Education program is to provide open access for learners from diverse backgrounds and deliver high quality education to prepare students to transition successfully into college, career pathways, and the workforce. Expansion of transition programs like Career Bridges help us achieve this goal. With this grant, the purpose is to create programs that improve student transitions to and through postsecondary education (up to post baccalaureate) and into employment. These programs support the transitions for individuals with disabilities; and to scale programs that promote equity and diversity among those served.

FY2024 Perkins Leadership Grant	Illinois Community College Board (ICCB)	\$100,000.00	Kennedy-King College	1/15/2024-12/31/2024
---------------------------------	---	--------------	----------------------	----------------------

Kennedy-King College will use these funds to expand the HVAC program to include a study program for building maintenance certification. Including the expansion of the current Air Conditioning/HVAC lessons to involve Industrial Maintenance, along with the establishment of a Building Maintenance lab. By combining the Industrial Maintenance program with our existing Air Conditioning/HVAC program, we will target minorities and other persons who live in equity investment communities.

FY2024 Perkins Leadership Grant	Illinois Community College Board (ICCB)	\$75,479.00	Harry S Truman College	1/15/2024-12/31/2024
<p>This project is important to Truman because the current state of the equipment utilized in the Cosmetology and Barbering instructional space needs improvement. Increased student demand and dated equipment in a highly hands-on field compound Truman's need. Modernization is essential to provide our students with an authentic salon experience and to ensure students gain practical experience utilizing real-world salon equipment and techniques. Moreover, our current surveillance system within the Technical building, where our Cosmetology and Barbering department is housed, requires modernization to ensure welcoming and safe hands-on career exploration experiences for middle and high school students.</p>				
CPS Compact Promising Practice Innovation Fund	Chicago Public Schools	\$39,580.00	Harold Washington College	1/1/24 - 12/31/2024
<p>Harold Washington College reviewed persistence data for Black and Latinx, male and female identified students enrolling from Chicago Public School (CPS) High Schools and discovered that there is substantial room for improvement. Harold Washington College hopes to better support these student when they face obstacles to their studies and long term ambition. This grant will be providing representative coaches to current students and peer mentors to new students. The intention is to connect better and faster to support these student's individual needs.</p>				
Chicago Roadmap	Kathy Bolhous Foundation	\$25,000.00	City Colleges of Chicago Foundation	11/1/2023 - 6/30/2024
<p>The Chicago Roadmap, a comprehensive partnership between Chicago Public Schools (CPS) and City Colleges of Chicago (CCC), will be deepening our pipeline partnership through investment in Early College, work-based learning, and career exploration experiences, with a focus on Advanced Manufacturing and other skilled trades/ STEM industries.</p>				
Timuel D. Black Scholarship & Fellowship Program - Vivo Award	Vivo Foundation	\$25,000.00	City Colleges of Chicago Foundation	1/1/2024-12/31/2024
<p>The Timuel D. Black, Jr Scholarship & Fellowship Program was established in honor of Timuel Black's legacy. Students selected into the cohort will travel to Timuel's hometown to learn more about his legacy and how they can be successful in their own right.</p>				
Developing oxidation-reduction paper microfluidics laboratory experiments for the general chemistry	NASA Illinois Space Grant Consortium, University of Illinois Urbana-Champaign	\$10,120.00	Harold Washington College	4/10/2024 - 8/9/2025
<p>This is a new funding opportunity for Harold Washington College to support initiatives related to space or aero-space disciplines. This project with support guided-inquiry laboratory projects and course-based undergraduate research into the general chemistry laboratories at Harold Washington.</p>				

Section II. New Grant Proposals Submitted
Total Amount Requested - \$ 8,362,864.00

Grant Name Department of Family Support Services - Early Head Start	Funder Department of Family Support Services	Amount \$ 1,435,011.00	Performance Period 12/1/2023 - 11/30/2024
College/District District Office	Accountability Maria E. Sanchez	Pd # 2402165	Entity Applied CCC
Summary			
This is a renewal grant that will include funding for five campuses: Truman, Daley, Olive-Harvey, Kennedy-King, Malcolm X College. Head Start is a federally funded program that helps "prepare America's most vulnerable young children to succeed in school and in life beyond school. To achieve this, Head Start programs deliver services to children and families in core areas of early learning, health, and family well-being while engaging parents as partners every step of the way.

Grant Name Education Workforce Center - Early Childhood Education Implementation Grant	Funder McCormick Foundation	Amount \$ 900,000.00	Performance Period 4/24/2024 - 4/24/2026
College/District Harry S Truman College	Accountability Sean Lamar Hudson	Pd # 2402167	Entity Applied CCCF
Summary			
This grant will help support the launch of the Education Workforce Center (EWC) Truman College. It will offer in-person and virtual support and resources for early childhood professionals. It will also serve as a "one-stop shop", providing academic support, mentorship, community, professional development, and emotional support tailored to your career stage. The EWC will begin with focus on early childhood and then progressively expand to serve full grade band of education professionals from K-12 through higher education.

College/District Wilbur Wright College	Accountability Adam Kashuba, Phoebe Wood, & Noel Mcnally	Pd # 2402170	Entity Applied CCC
--	--	------------------------	------------------------------

Summary

The Job Training and Economic Development grant will help Wrights initiative to support youth with intellectual and cognitive disabilities as well as neurodivergent learners. This group has an unemployment rate of over 70%. This program will create a workforce pathway for them in several different industries. This program is unique to Chicago Metropolitan area and the alternatives (day programs at the park district and sheltered workshops) do not provide a pathway to employment similar to that of their nondisabled peers.

Grant Name CTE VR Grant DBA WrEV: Evolution and Immersive Initiative	Funder Illinois Community College Board (ICCB)	Amount \$ 100,000.00	Performance Period 1/3/2024 - 12/31/2024
College/District Wilbur Wright College	Accountability Billy E McFarland & Jenetta L O'Neal	Pd # 2402178	Entity Applied CCC

Summary

The Career & Technical Education Virtual Reality (VR) grant provides an immersive and interactive experience, capturing the attention of prospective students. In which is relevant to City Colleges of Chicago and Wilbur Wright College's initiative. Engaged students are more likely to explore educational opportunities in which leads to increase enrollment to Wright's College technological advancements and cutting-edge learning experiences. The VR can break down geographical barriers allowing prospective students to explore the college and its offerings remotely. Allowing accessibility to those who may not have the means to visit the campus in person. This program will support the diverse learning styles and allow for informed decision making for students.

Grant Name Digital Instruction for Adult Education	Funder Illinois Community College Board (ICCB)	Amount \$ 75,000.00	Performance Period 1/1/2024 - 12/31/2024
College/District District Office	Accountability Luis Alfredo Narvaez & Emily R Anderson	Pd # 2402180	Entity Applied CCC
Summary			
The purpose of this grant is to provide funding for adult education programs to improve their technology infrastructure, support technology integration in the classroom, and improve distance learning options for adult learners. Adult learner access to technology and digital skills instruction is essential for effectively transitioning into postsecondary education or the workforce. As new technology continues to emerge, Adult Education programs must adapt and upgrade their technology infrastructure to better serve adult learners.

Grant Name Using Virtual Reality to Boost Community College Recruitment and Retention	Funder Illinois Community College Board (ICCB)	Amount \$ 49,550.00	Performance Period 4/30/2024 - 6/30/2025
College/District Harry S Truman College	Accountability Sean Lamar Hudson & LaSandra Skinner	Pd # 2402181	Entity Applied CCC
Summary			
This grant will support recruitment and retention of Career & Technical Education (CTE) students, specifically in AutoTech. Truman will launch an initiative incorporating Virtual Reality (VR) into recruitment and enrollment strategies. It will also provide faculty and staff with the opportunity to test and learn about VR and the ways it can be incorporated into the classroom. The initiative has three goals: (1) enhance the recruitment of prospective and current students to CTE programs; (2) foster career choice confidence amongst CTE-declared students; and (3) increase faculty and staff access to new technology to develop innovative strategies to strengthen curriculum design and instruction.

Grant Name Child Care for Student Parents at Community Colleges	Funder New America	Amount \$ 5,000.00	Performance Period 4/3/2024 - 4/30/2025
---	------------------------------	------------------------------	---

College/District Harry S Truman College	Accountability Sean Lamar Hudson	Pd # 2402184	Entity Applied CCCF
---	--	------------------------	-------------------------------

Summary

Truman and City Colleges of Chicago has very limited knowledge about our parent students and their experience. With this understanding, Truman believes this project will help City Colleges design more parent student friendly initiatives and programming. The Child Care at Community Colleges Projects also allows us to examine and learn from various models of providing childcare-related support or services from other participating community colleges. The knowledge can also contribute to ongoing efforts to support parent students.
