Internal Audit Department Background

Mission

The mission of the Internal Audit function is to enhance and protect organizational value by providing risk-based and objective assurance, advice, and insight. Internal Audit helps CCC accomplish its objectives by bringing a systematic, disciplined approach to evaluating and improving the effectiveness of governance, risk management, and control processes.

Core Values

Integrity – We will perform our work honestly, diligently and responsibly. Integrity establishes trust and thus provides the basis for reliance on our judgment.

Objectivity – We will perform our duties with an unbiased mental attitude to ensure assessments are not unduly influenced by our own interest or judgements.

Competency – We will apply the knowledge, skills and experience needed in the performance of our work.

Confidentiality – We will respect the value and ownership of information received and will not disclose information without appropriate authority, unless there is a legal or professional obligation to do so.

Communication – We will communicate openly, constructively, and respectfully. Reports will be accurate, timely, and contain relevant recommendations.

Purpose Statement

Internal auditing strengthens the organization's ability to create, protect, and sustain value by providing the board and management with independent, risk-based, and objective assurance, advice, insight, and foresight.

Internal auditing enhances the organization's:

- Successful achievement of its objectives.
- Governance, risk management, and control processes.
- Decision-making and oversight.
- Reputation and credibility with its stakeholders.
- Ability to serve the public interest.

Internal auditing is most effective when:

- It is performed by competent professionals in conformance with the Global Internal Audit Standards, which are set in the public interest.
- The internal audit function is independently positioned with direct accountability to the board.
- Internal auditors are free from undue influence and committed to making objective assessments.

New Global Internal Audit Standards Essential Conditions

Domain III – Governing the Internal Audit Function includes the responsibilities and **essential conditions** of the Standards and how the Board, Senior Management and Internal Audit can collaborate to establish and maintain an effective Internal Audit function.

Domain III, includes three principles:

- Principle 6, Authorized by the Board,
- Principle 7, Positioned Independently
- Principle 8, Overseen by the Board.

- 6.1 Internal Audit Mandate
- 6.2 Internal Audit Charter
- 6.3 Board and Senior Management Support
- Determine the appropriate authority, role, and responsibilities of the Internal Audit function (Internal Audit Mandate).
- Approve the Internal Audit Charter, Budget, Audit Plan and Resource Plan.
- •Ensure the IA Director reports to a level that allows Internal Audit to fulfill its mandate.
- Champion the Internal Audit function to enable it to fulfill the Purpose of Internal Auditing and its strategy and objectives.
- Specify that Internal Audit should have unrestricted access to data, records, information, personnel, and physical properties.
- Inquire whether any restrictions exist that limit Internal Audit function's ability to carry out its responsibilities.
- Support and meet periodically with IA Director through regular and direct communications.

7.1 Organizational Independence

7.2 Chief Audit Executive Qualifications

- A direct reporting relationship with IA Director and Internal Audit function.
- Authorize the appointment and removal of IA Director.
- Engage senior management to appoint a qualified, competent IA Director to manage the Internal Audit function.
- Provide input to support the IA Director's performance evaluation and renumeration.
- Approve IA Director roles or responsibilities beyond the scope of internal auditing, if applicable.
- Establish appropriate safeguards if IA
 Director roles and responsibilities impair the
 Internal Audit function's independence.

- 8.1 Board Interaction
- 8.2 Resources
- 8.3 Quality
- 8.4 External Quality Assessment
- •The board's perspective on organizational strategies, objectives, and risks to assist with determining IA department's priorities.
- •Set expectations for: 1) frequency for communications from Internal Audit, 2) criteria for determining which issues should be escalated to the board, and 3) process for escalating matters of importance to the board.
- Collaborate with senior management to ensure Internal Audit has sufficient resources.
- Approve Internal Audit's performance objectives at least annually.
- Assess the effectiveness and efficiency of the Internal Audit function.
- •Collaborate with Internal Audit to determine scope and frequency of the EQA.
- Review/approve Internal Audit's plan for an EQA. Receive EQA results from the assessor.
- Review/approve Internal Audit's plans to address deficiencies/opportunities for improvement.
- Approve a timeline for action plan completion and monitor.

Internal Audit Strategic Plan

Domain IV – Principle 9, Plan Strategically, requires the creation of an Internal Audit Strategic Plan. Below is the Strategic Plan for IA:

Assurance Delivery

Enhance effectiveness, quality, and value received from Internal Audit.

- Create an IA Charter.
- Develop a risk-based Audit Plan.
- Create an IA Operations Manual and develop supporting processes and templates that align with the new standards.
- Establish a Quality Assurance and Improvement Program (QAIP).
- Implement the use of Internal Audit software to improve the efficiency and effectiveness of IA procedures and compliance with the standards.
- Commission an External Quality Assessment (EQA) review.

Stakeholder Management

Strengthen collaboration and communication with stakeholders.

- Obtain feedback from stakeholders on valuable performance metrics for Internal Audit function.
- Proactively engage with City Colleges leaders to understand their internal audit needs and priorities (e.g. more inclusive risk assessment process).
- Increase collaboration with second line roles (e.g., Finance, Compliance, OIG, EEO, Ethics, and Cybersecurity) for a unified approach to risk management.

Team Development

Increase professional development opportunities and improve competencies.

- Provide annual training and development opportunities.
- Encourage staff participation in certification programs and conferences.
- Establish succession planning initiatives to ensure continuity and sustainability of the Internal Audit function.

These IA strategic objectives are in line with CCC's Core Levers:

Lever 4 – Build a Culture of Excellence.

- Create a Path to
 Excellence by
 operationalizing a
 growth mindset and
 culture of high
 expectations, reflection
 and continuous
 improvement.
- Invest in people and processes to facilitate excellence at all levels.
- Provide staff opportunities to develop and lead effectively.

Lever 5 – Create a Collaborative & Connected Ecosystem. Develop a culture and practices that facilitate cross-functional, interdisciplinary, and cross-college problemsolving and innovation.

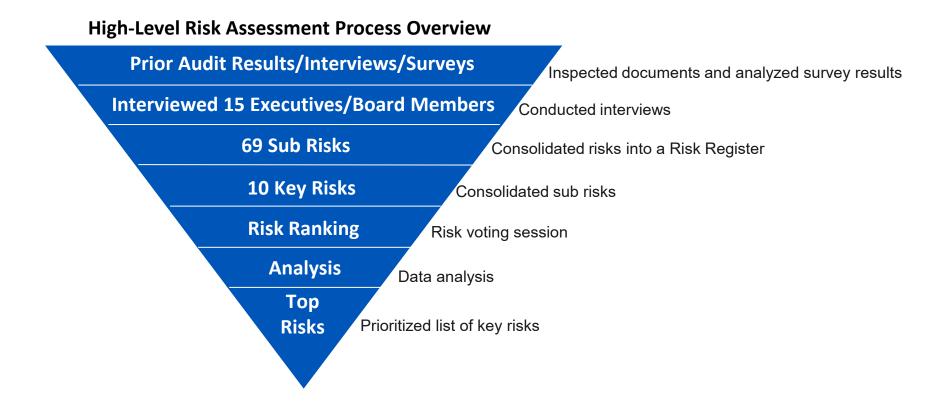

Risk Assessment Overview and Results

- Risk Assessment Overview
- Risk Assessment Heat Map
- Internal Audit Plan

Risk Assessment Overview

The primary objectives of the Risk Assessment were to:

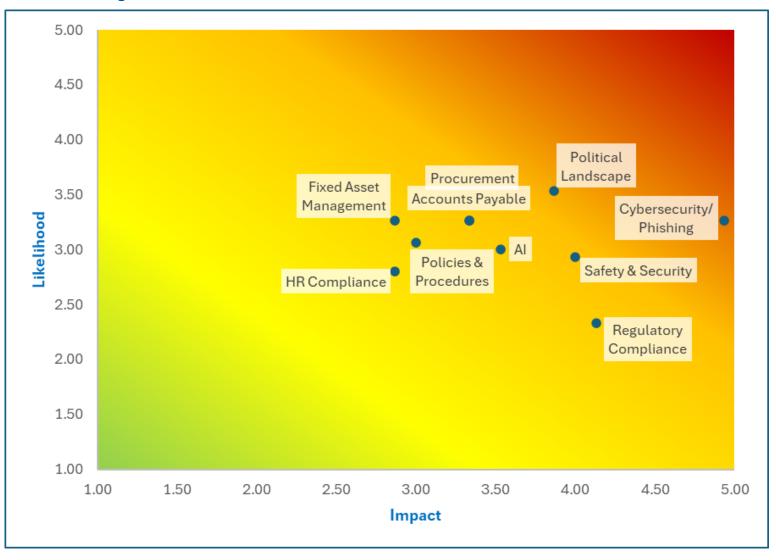

- Provide management and the Board with insights on key risks and opportunities as part of an overall risk management process.
- Assist Internal Audit in creating a risk-based audit plan for the next two fiscal years.

Risk Assessment Heat Map

10 Key Risks identified in Risk Assessment discussions were ranked by CCC executives for Risk Impact and Likelihood.

Heat map reflects average ranking of key risks.
