RESOLUTION

AUTHORIZE PAYMENT TO SAFETY-KLEEN SYSTEMS, INC. – KENNEDY-KING COLLEGE

WHEREAS, Kennedy-King College entered into a service agreement with Safety-Kleen Systems, Inc. on September 16, 2025, for solvent waste collection and environmental services supporting the Automotive Technology Program;

WHEREAS, additional services beyond the original scope were required, including multiple service visits and the addition of a waste container to accommodate increased solvent waste generated by program operations;

WHEREAS, on January 22, 2026, Safety-Kleen Systems, Inc. performed services totaling \$1,189.13 despite the College's request to cancel the scheduled service, and subsequently invoiced the College for the work performed;

WHEREAS, upon receipt of the invoice, the College worked with the vendor to reconcile charges and execute a contract amendment to authorize payment for services exceeding the original contract value; however, despite multiple follow-up efforts, the vendor did not return a fully executed amendment required to complete payment through standard procurement procedures;

WHEREAS, the services were performed, the College received the benefit of the environmental waste collection services, and the invoice represents a legitimate obligation for work completed in support of instructional operations;
