PROVIDED BY ACT ONE STUDIOS

THE CHANCELLOR

REPORTS that Malcolm X College has concluded a partnership with Act One Studios, 640 N. LaSalle Street, the premier Chicago training ground for film and commercial acting. Act One Studios is offering eligible Malcolm X College theatre majors an opportunity to take classes in voice over, voice for the stage, getting started in show business and many other topics at no cost to the students. Act One Studios is offering the free tuition in classes on a space available basis beginning in the Spring 2004; and

that, this partnership is the result of the community outreach of Professor Linnea Forsberg and Mr. Steve Merle, Director of Act One Studios. This is an invaluable opportunity for MXC students to enhance their academic work with professional level skills development, and to prepare themselves for gainful employment in the entertainment industry.
