**THE CHANCELLOR**

**REPORTS**

that the Truman College Automotive Technology Program received a donation of automotive hardware from Randal Nieders and R&B Inc. of Colmar, PA with a retail value of \$392,310.15; and

that the donation was the result of a relationship nurtured by Automotive Technology Instructor Harold Santamaria, who maintains many such contacts within the automotive industry; and

that Mr. Santamaria will donate those portions of the hardware unsuitable for Truman's automotive program to local high schools and community colleges that have provided donations or in-kind services to the Truman automotive program.

Respectfully submitted,
