BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

NATIONAL HEAD START ORGANIZATION
20TH ANNUAL PARENT TRAINING CONFERENCE
SAN JUAN, PUERTO RICO
DISTRICT OFFICE

THE CHANCELLOR

REPORTS

that the National Head Start Organization hosted its 20th Annual Parent Training Conference on December 12-16, 2003 in San Juan, Puerto Rico.

that the purpose of the conference is to provide parents and administrators of Head Start programs across the country with meaningful training experiences which will be of direct benefit to the children enrolled in the programs they represent.

that the conference offers many opportunities for parents to develop their skills in the classroom, at home and as advocates on behalf of their children.

that Thomas Hope and Renee Hodges, students at Kennedy-King College both actively involved parents of children in enrolled in the Head Start program at the Kennedy-King College Child Development Laboratory Center, attended the conference as representatives of the City Colleges of Chicago Head Start program.

that these parents participated in various workshops, learned valuable transferable skills, and networked with other Head Start parents and staff from around the country which will all contribute to the continued success of the Head Start program at the City Colleges of Chicago.

Respectfully Submitted,

Wayne Watson
Chancellor
